COURSE DESCRIPTION

This two-day conference will provide training on Utah's Drug Endangered Children (DEC) Programs as well as updates on new developments in law enforcement, prosecution, child protection, substance abuse, research, medical treatment and environmental health. The conference will provide useful information to a wide variety of professionals.

*New this year, **Teen Track for Parents, Teachers and Religious Leaders** will include courses providing information on current drug trends, healing from addiction, research, and strategies to assist families suffering with substance abuse. Look for the star, ★ wherever Teen Tracks are indicated.*

CONFERENCE OBJECTIVES

This educational offering will enable the participant to:

- 1 Provide overview of the effects of substance abuse in adolescence and strategies to overcome addiction.
- 2 Review the key components of a Drug Endangered Children Program and provide an overview of best practices throughout the state of Utah. Examine effective DEC initiatives in Indian Country.
- 3 Gain information of the psychological and social effects on children who are exposed to illegal drug activity. Understand how to help children in at-risk environments to heal.
- 4 Discuss the national and local medical and research efforts focusing on long-term outcomes for drug endangered children. Provide training to medical providers to increase the availability of medical care for children exposed to a drug environment.
- 5 Introduce the latest research on the environmental impact from methamphetamine use, distribution and manufacturing. Provide training on Utah's efforts to clean up chemically contaminated properties.
- 6 Work with child protection workers to train staff state-wide in Clandestine Lab protocols to ensure worker safety and protection of children in our communities.
- 7 Provide training to law enforcement on successful investigative techniques for narcotic cases involving children. Increase the use of the Child and Elderly Endangerment Statute by law enforcement and prosecutors in the State of Utah resulting in successful prosecutions.
- 8 Provide information on treatment successes when dealing with methamphetamine and other forms of drug addiction including mother/children treatment programs and drug courts.
- 9 Provide training on international trafficking of drugs.
- 10 Increase the knowledge of resources available to utilize in responding to the Methamphetamine Epidemic.

CONTINUING EDUCATION CREDITS

THE PHOENIX AWARD

The flight of the Phoenix represents the capacity to leave the world and its problems behind. The Phoenix Award is presented to individuals who have demonstrated outstanding service in the field of drug endangered children in the State of Utah.

Participants involved in Drug Endangered Children programs go beyond what is expected of them in their particular disciplines. These individuals often come up with non-traditional solutions to the problems faced by the vulnerable victims of drug abuse. With gratitude we acknowledge the contributions of outstanding service by these individuals.

Nominations

If you would like to nominate an individual for the Phoenix Award, please e-mail, fax or mail in a short description of the outstanding service exhibited by the individual in the field of drug endangered children in the State of Utah.

Nominations must be received no later than Monday, June 23, 2006. Send nominations to:
